VITAL STATISTICS (Cont.)

Deaths of Infants Under 1 year

Legitimate	Nil
Illegitimate	Nil
Infant Mortality Rate	Nil
Infant Mortality Rate England and Wales	18.3 per 1,000 live births.

<u>Deaths</u>	<u>Males</u>	<u>Females</u>	<u>Total</u>
All causes	17	30	47
Crude death rate per 1,000 population		28.7	
Comparability Factor		0.26	
Standardised Death Rate per 1,000 population		7.46	
Death Rate England and Wales per 1,000 population		11.2	

The Registrar General supplies a comparability factor 0.26 by which the Crude Death Rate must be adjusted for comparison with other areas of the country. As this factor is less than unity, the Standardised, or corrected Death Rate is less than the Crude Death Rate. This indicates that Eye has a greater "weighting" of elderly persons than the average for the rest of the country.
